Independent auditor's report

To the Board of Directors and Stockholders
Banco BOCOM BBM S.A.

Opinion

We have audited the accompanying financial statements of Banco BOCOM BBM S.A. (the "Bank"), which comprise the balance sheet as at December 31, 2023 and the statements of operations, comprehensive income, changes in shareholders' equity and cash flow for the year and six-month period then ended, and notes to the financial statements, including significant accounting policies and other explanatory information.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bank as at December 31, 2023, and its financial performance and cash flow for the year and six-month period then ended, in accordance with accounting practices adopted in Brazil, applicable to institutions authorized to operate by the Brazilian Central Bank (BACEN).

Basis for opinion

We conducted our audit in accordance with Brazilian and International Standards on Auditing. Our responsibilities under those standards are described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the Bank in accordance with the ethical requirements established in the Code of Professional Ethics and Professional Standards issued by the Brazilian Federal Accounting Council, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Banco BOCOM BBM S.A.

Why it is a Key Audit Matter

How the matter was addressed in the audit

Measurement of the allowance for doubtful accounts

As disclosed in Notes 3(k) and 7, the determination of the allowance for doubtful accounts considers, in addition to past experience, the risk assessment of debtors and their guarantors, as well as the specific characteristics of the operations carried out in accordance with the requirements of the Resolution No. 2682 of the Central Bank of Brazil.

This is an area that was defined as an audit focus, because the use of different judgments in determining the amount of the allowance for loan losses could result in significant variations in the estimate of this allowance.

We updated our understanding of the relevant internal controls in calculating and recognizing the allowance for doubtful accounts.

We performed tests in order to observe the integrity of the data used to calculate the allowance for doubtful accounts, in addition to tests to observe the application of the methodology for calculating this allowance in relation to the assigned ratings, the assumptions adopted, as well as the comparison of balances accounting with analytical reports.

We consider that the criteria and assumptions adopted by Management are consistent with the information analyzed in our audit.

Measuring the fair value of certain financial instruments with low liquidity

As disclosed in Notes 3(b), 3(g) and 6, measuring the fair value of financial instruments derivatives and private securities was considered an area of focus in our audit due to its relevance in the context of financial statements. These instruments depend on valuation techniques carried out through internal models, which consider certain assumptions for valuing instruments with low liquidity and without an active market and/or observable market data.

We updated our understanding of the relevant internal controls that involve the measurement, recognition and disclosure of the fair value of these financial instruments with low liquidity and without an active market.

We updated our understanding of the calculation methodologies for pricing derivative financial instruments, analyzed the reasonableness of the assumptions used by Management in the construction of curves and internal pricing models, as well as analyzed the alignment of these assumptions and models with practices used in the market. We carry out independent valuation tests on certain operations, selected on a sample basis.

We consider that the criteria and assumptions adopted by Management in measuring the fair value of these financial instruments with low liquidity and no active market are consistent with those information's analyzed in our audit.

Banco BOCOM BBM S.A.

Other matters

Prior-year informations

The original financial statements of the Bank for the semester and year ended December 31, 2022, were audited by another firm of auditors whose report, dated February 17, 2023, expressed an unmodified opinion on those statements.

Other information accompanying the financial statements and the audit report

The Bank's management is responsible for the other information that comprises the Management Report.

Our opinion on the financial statements does not cover the Management Report, and we do not express any form of audit conclusion thereon.

In connection with the audit of the financial statements, our responsibility is to read the Management Report and, in doing so, consider whether this report is materially inconsistent with the financial statements or with our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement in the Management Report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices adopted in Brazil, applicable to institutions authorized to operate by the Brazilian Central Bank (BACEN), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Bank's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Brazilian and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Brazilian and International Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Banco BOCOM BBM S.A.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether these financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of associates to express an opinion on the Bank's financial statements. We are responsible for the direction, supervision and performance of the audit, considering these investees. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Who We Are

BOCOM BBM represents the union of two cultures of excellence in bank management with a centennial history of high performance and solidity in both Brazil and China.

With agility and transparency, we meet the credit needs of companies established in Brazil and abroad. We offer solutions in debt capital markets (DCM), derivatives, foreign exchange and treasury products for our corporate and institutional clients. In Asset Management, we offer fixed-income funds with various profiles for individual and corporate clients. In Wealth Management Services, we provide customized financial products and services for high net worth individuals and family offices with which we enter into strategic partnerships.

Through ethical and transparent procedures, we focus our efforts on assuring a sustainable return on capital for our shareholders and clients, as well as Brazil-China integration, and on offering our employees opportunities for professional, material and intellectual growth, while encouraging them to seek cutting-edge knowledge, especially in the financial and technological areas.

Message from Management

Despite more cautious initial expectations, associated with financial risks of the sharp rise in interest rates in the context of elevated global indebtedness and major credit events in Brazil at the start of the year, 2023 was marked by a notable economic performance: inflation fell, even though activity remained resilient in the main emerging-market and developed economies. Restrictive monetary policies and more moderate fiscal impulses contributed to this result, which was also bolstered by supply chain regularization and a huge shock to prices of tradables, with indirect (secondary) effects on prices of items with a relatively inertial trajectory, such as core inflation and services. With disinflation under way, several countries embarked on a cycle of interest-rate cuts in 2022 and 2023, and those that did not do so, such as the United States, signaled that they would begin in 2024. The labor market, which adjusts gradually, proved capable of shoring up household income for consumption, but this may slow the pace of the disinflation process. Strong growth of agricultural output in Brazil and its effects on other economic sectors were also drivers of GDP growth in 2023.

In the credit market, BOCOM BBM performed outstandingly in terms of very low loan delinquency rates, despite daunting challenges faced during the year, including bankruptcy filings that sparked heightened public interest and media coverage. We ended the year with non-performing loans at only 0.3% (E-H/expanded credit portfolio), thanks to systematic credit selection based on in-depth qualitative analysis and rigorous quantitative credit modeling developed and perfected over decades.

In 2023, we became the first financial institution in Latin America to participate directly in the Cross-Border Interbank Payment System (CIPS). In line with our corporate mission, joining CIPS deepened Brazil's connection with China's financial infrastructures, facilitating and lowering the transaction costs of bilateral foreign-exchange operations. As a result, already in 2023 we saw foreign-exchange settlement by our clients (BRL-CNY) jump to more than CNY 10 billion, up from less than CNY 0.3 billion in 2022.

For 2024, the ongoing cycle of interest-rate cuts in Brazil and favorable external conditions suggest that the economy will continue to grow, albeit at a slower pace. In the agribusiness sector, despite challenges here or there in 2024 such as a projected fall in the annual grain crop due to climate shocks affecting particularly Mato Grosso in late 2023, global demand for commodities remains high. Moreover, important structural reforms passed by Congress in 2023, such as a tax reform, alongside several others passed in recent years, improve the long-term growth outlook for the Brazilian economy. Conjunctural and structural conditions place Brazil in an economically favorable position for the years ahead.

In 2023, we strengthened our corporate commitment to the well-being of our staff, clients and suppliers, as well as the local communities in which we operate. We continued to invest in and promote capacity building initiatives that foster the formation of citizens capable of surmounting the challenges currently faced by society, in line with the UN's Sustainable Development Goals. We supported several projects of this kind through donations and sponsorships, particularly for the education and training of socially vulnerable people. Among these are Arte Tech, a project run by the non-governmental organization Gamboa Ação for poor children in Gamboa, a neighborhood of Rio de Janeiro; and Instituto 42 Rio, an innovative school that trains professionals for an increasingly digital world. We also continued to partner with universities and courses that prepare professionals in strategic areas for the bank, such as FGV's Center for the Development of Mathematics and Science, which recruits talented youngsters from public schools across Brazil to take undergraduate and graduate courses at the institution, and the departments of economics at PUC-Rio and FGV, two centers of excellence in the area. We also supported the Global Hybrid Classroom, an online program of education developed by Tsinghua University to promote collaboration and an exchange of knowledge among educational institutions worldwide. In Brazil, the program is being implemented by the Federal University of Rio de Janeiro in courses on environment, governance and sustainability (ESG).

Finally, our Sustainability and Women's Committees promoted important in-house initiatives during the year. We continued the series of lectures begun in 2022 and extended it to include discussions of sustainability and the economic impacts of climate change.

We know the importance of teaching and motivating those who join us by offering opportunities for growth and full individual development to all. We are committed to maintaining a meritocratic, dynamic, transparent and diverse work environment, taking into account the dignity and well-being of all those with whom we interact.

Credit Ratings

For Banco BOCOM BBM, the classifications awarded by the foremost rating agencies are an important source of transparent and independent assessment of the quality of our credit.

Moody's Investors Service reaffirmed its ratings of Banco BOCOM BBM on December 1, 2023. On its global scale, it awarded a rating of "Ba1" to local and foreign currency deposits, a notch above the Brazilian rating ("Ba2"), assigning a "stable outlook" to both. On the national scale, on May 2, 2023, Moody's Local Brazil reaffirmed its rating of "Aaa.br" with a "stable outlook", the best possible credit rating in this category.

On August 2, 2023, Fitch Ratings raised its global-scale long-term issuer default ratings (IDR) for Banco BOCOM BBM to "BBB-" and "BB+" in local currency and foreign currency respectively, keeping us above the sovereign rating ("BB"). In addition, the outlook for long-term IDRs remained stable, in line with the outlook for sovereign ratings.

The long-term national-scale rating remained unchanged on "AAA (bra)", the highest possible rating in this category.

Banco BOCOM BBM S.A.

Notes to the Parent Company Financial Statements as of December 31, 2023

(In thousands of Reais, unless otherwise indicated)

1. Operations

Banco BOCOM BBM is authorized to operate as finance bank with the following portfolios:

- Commercial;
- Investment;
- Loans, Financing and Investment;
- Foreign Exchange;

The Bank operates as a group of institutions which operate together in the financial market, with certain operations involving co-participation or intermediation of associated institutions. The benefits of services rendered by such institutions and the costs of administrative structures are fully or individually absorbed, which is practical and reasonable in the circumstances.

2. Presentation of the Financial Statements

The Financial Statements of Banco BOCOM BBM S.A., including its foreign branch, were prepared in accordance with the accounting practices adopted in Brazil, applicable to institutions authorized to operate by the Central Bank of Brazil (BACEN), in line with the standards and instructions of the National Monetary Council (CMN) and the Federal Accounting Council (CFC), disclose all relevant information specific to the financial statements, and only them, which are consistent with that used by management in its management.

The preparation of these statements in accordance with the accounting practices adopted in Brazil, applicable to financial institutions, requires management to use judgment in determining and recording accounting estimates, when applicable. Significant assets and liabilities subject to these estimates and assumptions include: allowance for doubtful accounts, realization of deferred tax assets, provision for labor, tax and civil claims, valuation of financial instruments and other provisions. The definitive values of the transactions involving these estimates will only be known at the time of their settlement.

The Bacen Resolutions No. 2/2020 and 4,818/2020 consolidated the general criteria and the procedures for disclosure of the parent company financial statements.

According to BCB Resolution No. 2/2020, the balance sheet items are disclosed in liquidity and enforceability order.

According to the provisions of BCB Resolution No. 92/2020, Revenues from Future Years, was extinct, consequently, all its balances are transferred to the Sundry line under Other Liabilities. Due to the prospective adoption, the balances of the Group 5 items before the new rules were effective are being presented for comparison effects.

2.1 Functional Currency

The elements presented in Banco Bocom BBM's financial statements are measured using the currency of the primary economic environment in which the institution operates ("functional currency"). Accordingly, the parent company financial statements are presented in Reais.

The functional currency of the group's investees in Brazil is also the Brazilian Real. Some investees outside Brazil, besides the Nassau Branch, have the U.S. dollars ("USD") as their functional currency.

2.2 CMN Resolution No. 4,966/21 – Financial Instruments

The CMN Resolution No. 4,966, amended by CMN Resolution No. 5,100/23 establishes accounting rules for the financial instruments, such as the classification and recognition of the hedge operations by the financial institutions and other institutions authorized to operate by the Central Bank of Brazil. In order to comply with this Resolution, Bocom BBM elaborated and keeps available for the Central Bank of Brazil its plan to implement the normative for the years to come.

Net Income	144,547	274,201	220,632

(b) Marketable securities and derivative financial instruments

In accordance with BACEN Circular Letter No. 3,068, securities are classified into the following categories:

- I- Trading securities;
- II- Securities available for sale;
- III- Securities held up to maturity.

Securities classified in categories I and II are adjusted to market value, being the adjustment of the former directly accounted in the result and the adjustment of the latter in specific equity account, net of tax effects. Securities classified as "held up to maturity" are evaluated based on the cost plus the earnings.

Derivative financial instruments are adjusted to market value, in accordance with BACEN Circular Letter No. 3,082.

Investment fund quotas are monthly restated based on the quota value disclosed by the Administrators of the funds in which funds are invested. The appreciation and depreciation of investment fund quotas are presented in "Result from transactions with marketable securities".

(c) Current and non-current assets

These are presented at their realizable value, including, when applicable, the earnings and monetary variations (on a pro rata basis) and foreign exchange variations, less corresponding proceeds from future realization and/or provision for losses. Balances maturing within 12 months (or 360 days) are classified as current assets.

(d) Permanent assets

These are stated at cost, plus the following aspects:

- * Evaluation of the significant investments in subsidiaries on an equity accounting basis;
- * Depreciation of property and equipment in use and lease calculated on a straight-line basis, based on annual rates that reflect the economic useful life of the assets, is as following: properties in use - 4%; furniture and utensils - 10% and data processing - 20%;
- * Amortization of intangible assets calculated according to the economic useful life of the asset.

Notes to the Parent Company Financial Statements as of December 31, 2023

(In thousands of Reals, unless otherwise indicated)

3. Significant Accounting Practices (Continued)

In accordance with CMN Resolution No. 4,534/16, financial institutions and institutions authorized to operate by BACEN cannot record Deferred Assets.

(e) Current liabilities and long-term liabilities

These are stated at their known or calculable values including, whenever applicable, the charges and the monetary (on a daily pro rata basis) and exchange variations, less the corresponding expenses to be allocated. Balances maturing within 12 months (or 360 days) are classified as Current Liabilities.

(f) Income tax and social contribution

The provision for income tax is set up based on the taxable profit, at a 15% rate, plus 10% surcharge on annual taxable profit exceeding R\$ 240 thousand. The provision for social contribution tax is set up at the rate of 20%.

The deferred tax assets and liabilities arising from temporary differences were recognized in accordance with CMN Resolutions No. 3,059, of December 20, 2002, and No. 3,355, of March 31, 2006, and they take into account the history of profitability and the expected generation of future taxable income supported by technical feasibility studies. The deferred taxes were constituted based on the expected rate of 25% for income tax and 15% and 20% for social contribution, according to the rate effectiveness.

In 2021, the Law 14,183, resulting from Provisional Measure (MP) 1,034/2021, increased the rate of the Social Contribution on Net Profit (CSLL) payable by legal entities of the financial sector. The impact on BOCOM BBM Bank was the increase of the CSLL rate from 20% to 25% and on BOCOM BBM CCVM from 15% to 20%, for the period between 07/01/2021 and 12/31/2021. As of January 2022, the CSLL rate decreased to 20% for BOCOM BBM Bank and 15% for BOCOM BBM CCVM. On April 28, 2022, Provisional Measure 1,115/22 was issued, increasing the CSLL rate for these legal entities by 1%, in accordance with the changes proposed in Law 7,689/88. The CSLL rate of BOCOM BBM Bank increased from 20% to 21% between August 1, 2022 and December 31, 2022.

(g) Swaps, futures, forwards and options

The market values of derivative transactions are recorded in individual asset and liability accounts.

Daily adjustments are made only in futures markets traded on B3 and are settled as income or expenses daily, when earned or incurred.

The nominal values of derivative contracts are recorded in offsetting accounts.

Premiums paid or received upon the realization of operations in the options market are recorded in the respective balance sheet accounts at cost, adjusted by market value as a counterpart to the result.

(h) Earnings per share

These are calculated based on the average number of outstanding shares at the period.

(i) Impairment of assets

In accordance with CPC 1, as approved by CMN Resolution No. 3,566/08 of May 29, 2008, and based on management analysis, if the carrying amount of the Bank's assets exceeds its recoverable value, an impairment is recognized in the statement of operations. Currently, within the scope of our equity, we have real estate foreclosed on credit guarantees subject to evaluation and analysis of its recoverable value.

(j) Contingent assets and liabilities and legal obligations

The recognition, measurement and disclosure of contingent assets and liabilities, and legal obligations are as follows:

Contingent assets - these are not recognized in the financial statements, except when there are evidences that offer guarantees of their realization, with no appeals.

Contingent liabilities - these are recognized in the financial statements when, based on the opinion of the legal advisors and of management, the loss of a lawsuit or administrative proceeding is evaluated as probable and whenever the amounts involved can be measured with sufficient reliability. The contingent liabilities classified as possible losses by legal advisors are not recorded and are just disclosed in the notes to the financial statements, and those classified as remote loss do not require any

provision disclosure. Regarding the labor suits with loss probability classified as possible by the external lawyers, management will consider some assumptions such as: procedure stage, involved right, losses background, deal possibility. Accordingly, even if the suits are classified as possible, they may be provided for.

Legal obligations - tax and social security - these refer to lawsuits contesting the legality and constitutionality of some taxes and contributions. The discussed amount is quantified and accounted for.

(k) Short-term interbank investments

Interbank investments are stated at the acquisition, investment or release cost, plus foreign exchange, monetary and interest variations, as contractually defined. When the market value is lower, a provision for the adjustment of an asset to its realization value is carried out.

(l) Loans transactions

Credit operations are stated at the acquisition, investment or release cost, plus foreign exchange, monetary and interest variations, as contractually defined. When the market value is lower, a provision for the adjustment of an asset to its realization value is carried out. An allowance for doubtful accounts is set at an amount considered sufficient to cover any losses, and it considers, in addition to experience, the assessment of debtors and their guarantors, as well as the specific characteristics of the transactions, in accordance with the requirements of Brazilian Central Bank Resolution No. 2,682. These are recorded at present value on a daily pro rata basis, based on the index variation and the agreed-upon interest rate, restated up to the 59th day in arrears at the financial companies, observing the estimated receipt date. After the 60th day, the recognition in the result occurs on the effective receipt of the installments. The renegotiated operations are maintained, at least, at the same level in which they were classified previously to the renegotiation and, if they have already been written-off against the provision, they are classified as level H; the gains are recognized as income upon the effective receipt.

Credit assignments with no retention risk result in the write-off of the financial assets that are the object of the operation, which are then kept in an offset account. The result of the assignment is fully recognized when it is realized. In January 2012, as determined by CMN Resolutions No. 3,533/2008 and No. 3,895/2010, all credit assignments with retention risk are recognized in the remaining terms of operations, and the financial assets subject to assignment are recorded as credit operations and the amount received, as obligations for sales or transfer of financial assets.

(m) Cash and cash equivalents

These represent cash and cash equivalents, restricted balances held with the Central Bank of Brazil and high liquidity financial assets with maturities within three months, subject to an immaterial risk of changes in their fair values, which are used by the Group to manage short-term commitments (see Note 4).

(n) Other values and assets

The operations classified as other values and assets represent operations arising from the execution of borrowing guarantees, which are valued at fair value based on valuation reports prepared by professional entities with recognized qualifications, using evaluation techniques, limited to the debt amount.

(o) Hedge accounting

The Bank allocated derivative financial assets to hedge principal amounts raised and the corresponding interest due.

Derivative financial instruments used to mitigate risks arising from exposure to variations in the market values of financial assets and liabilities, and that are highly correlated regarding changes in its market value in relation to the market value of the item that is being protected, at the beginning and during the life of the contract, and considered effective in reducing the risk associated to the exposure to be protected, are considered hedges and classified based on their nature:

- (a) Market risk hedge: the financial instruments classified under this category, as well as their related financial assets and liabilities, which are the hedge objects, are recorded at fair value and have their gains/losses, whether realized or not, reflected in the result; and

Notes to the Parent Company Financial Statements as of December 31, 2023

(In thousands of Reals, unless otherwise indicated)

3. Significant Accounting Practices (Continued)

(o) Hedge accounting (Continued)

- (b) Cash flow hedge: the financial instruments classified in this category are marked at fair value, being the effective installment of appreciation or depreciation recorded, net of tax effects, in a specific account on equity. The ineffective portion of the respective hedge is recognized directly in the result.

If the hedging instrument expires or is sold, cancelled or exercised, or when the hedging position does not fall under hedge accounting conditions, the hedging relationship ends.

The objectives of the risk management of this operation, as well as the strategy of protection against such risks during the operation, are duly documented, as well as it is documented the evaluation, both at the beginning of the protection operation and on an ongoing basis. The derivative financial instruments are highly effective in offsetting the variations of the fair value (mark-to-market) of the hedged item. A hedge is expected to be highly effective if the variation in the fair value or cash flow attributable to the risk being hedged during the hedge relation period nulls from 80% to 125% of the risk variation.

Derivative instruments used for hedging purposes, as well as the mark-to-market value of the hedged object, are disclosed in Note 22.

(p) Deposits and funding in the open market

These are recognized at the amounts of the liabilities, and the charges payable, when applicable, are recorded on a daily pro rata basis.

(q) Intangible assets

These correspond to the acquired rights that aim at assets incorporated into the maintenance of the entity or exercised with this condition, in accordance with CMN Resolution No. 4,534, of November 24, 2016. It consists of (i) licenses and copyrights and use, and (ii) Software. Intangible assets with defined useful lives are amortized on a straight-line basis over the period of their useful lives in which the rights generate benefits.

b) Key Management Compensation

The total compensation will be calculated as follows:

- I) Fixed and variable compensation

The total compensation of the Participants will comprise a fixed and a variable part. The variable compensation of the Participants will be paid as follows:

- (a) The amount equivalent to at most 50% (fifty percent) of the variable compensation will be paid in cash, immediately available for the Participant ("Short-term compensation"); and
- (b) The amount equivalent to at least 50% (fifty percent) of the variable compensation will be deferred for payment within 3 (three) years, considering the provisions below ("Deferred Compensation" together with "Short-term Compensation" and "Variable Compensation").

Notes to the Parent Company Financial Statements as of December 31, 2023

(In thousands of Reals, unless otherwise indicated)

The minimum and maximum amounts of the Variable Compensation of the Participants will be fixed by the Board of Directors of Banco Bocom BBM.

22. Derivative Financial Instruments

The Bank participates in transactions involving derivative financial instruments to meet its own needs as well as on behalf of its clients.

Derivative financial instruments are classified according to management's intent at the inception of the transaction, taking into consideration whether the purpose is to hedge risks.

In accordance with BACEN Circular Letter No. 3,082, the derivative financial instruments assigned to offset, in whole or in part, exposure to risks from assets, liabilities, commitments or projected future transactions (hedged items), provided that they are considered effective in reducing the risk associated with the exposure to be hedged, are classified according to their nature.

These transactions are traded, recorded or held on B3. In the Bank, international derivative transactions are traded and recorded in the OTC market, at the Chicago Board of Trade (CBOT) or Chicago Mercantile Exchange (CME).

The criteria used to calculate the market values of the derivative financial instruments are:

- Futures: value of daily adjustments to the transactions;
- Swap and term transactions: Cash flow is estimated for each part, discounted to present value according to the corresponding interest rate curves, obtained based on B3 prices or on the assets' prices;
- Options: average trading price on the calculation date or, when not available, estimated price based on pricing models, such as Black & Scholes.

At December 31, 2023, the guarantees for the transactions involving derivative financial instruments onshore are represented mainly by government securities in the total amount of R\$ 336,544 thousand (December 31, 2022 - R\$ 635,649 thousand) and fund quotas in the total amount of R\$ 32,430 thousand (December 31, 2022 - R\$ 30,348 thousand). Furthermore, the margin value received in the transactions of derivative financial instruments offshore amounted to R\$ 48,964 thousand in the period ended December 2023.

The main factor of the variation in the result of derivatives is due to the devaluation of Brazilian real against U.S. dollar, considering that most of our derivatives are used as hedging instruments.

d.) Hedge accounting
Fundraising fair value hedge (I)

Banco BOCOM BBM entered into Loans agreements in U.S. dollars with Bank of Communications with the objective of providing funding. They are as follows:

- On March 31, 2022 in the amount of USD 32,500 thousand with payment of fixed interest of 2.38% p.a..
- On September 14, 2022 in the amount of USD 30,000 thousand with payment of fixed interest of 5.92% p.a..
- On March 27, 2023 in the amount of USD 67,500 thousand with payment of fixed interest of 6.20% p.a..
- On June 29, 2023 in the amount of USD 10,000 thousand with payment of fixed interest of 6.10% p.a..

In order to index these flows to the CDI, a series of exchange coupon operations were carried out at B3, in accordance with the maturities and exposures of the available FRC contracts and the maturity of the operations. Disbursements were made in U.S. dollars and, upon cash receipt, a market risk hedge was contracted, designating a portfolio of derivative financial instruments, comprising DDI, DOL and ED contracts for total hedge, considering the foreign exchange exposure and interest rate risks. In order to equalize the mark-to-market effects of derivative financial instruments designated as hedge, the amount of the hedged principal, plus interest due, is stated at fair value and also marked to market.

Due to the fact that there is a matching of hedge object flows and the results of hedge derivatives, the effectiveness of the operation remains close to 98.00%.

In December 2018, Banco BOCOM BBM designated a portfolio of derivative financial instruments constituted by DI1 and DAP contracts, with the objective of indexing to the CDI part of its pre-fixed funding portfolio. In order to equalize the effects of mark-to-market derivative financial instruments designated as hedge, the value of the pre-fixed funding portfolio is stated at fair value and also marked to market.

Due to the fact that there is a matching of hedge object flows and the results of hedge derivatives, the effectiveness of the operation remains 103.35% to LF PRÉ

Investment cash flow abroad - hedge

In September 2016, CMN edited the Resolution No. 4,524, establishing the criteria to record the transactions with financial instruments contracted in order to mitigate the risks associated to the foreign exchange exposure of the investments abroad.

In January 2017, Banco BOCOM BBM assigned a portfolio of derivative financial instruments consisting of DI1 and DOL contracts, with the purpose of hedging the foreign exchange rate risk of its investment abroad in the amount of USD 5,000,000.

Due to the fact that there is a matching of hedge object flows and the results of hedge derivatives, the effectiveness of the transaction remained close to 100.00%.

Fair value of the bonds held to maturity - hedge

In June 2020, Banco BOCOM BBM designated a portfolio of derivative financial instruments consisting of Libor flat swap contracts vs. fixed rate in USD, and in February 2022, SoFr vs. USD prefixed rate swap contracts, in order to cover the risk of fluctuations in the external profitability of bonds classified as "held to maturity" as spread over Libor due to fluctuations in the forward structure of the Libor curve and SOFR. Because of the match between the flows of the hedge object and the results of the derivatives intended for hedge, the effectiveness of the operation was of 103.38%.

23. Risks Management

Market Risk

Banco BOCOM BBM was a pioneer in terms of quantifying market risk in Brazil and developed a proprietary system in 1997 which became a benchmark for the industry. The market risk management structure includes the following: a) the Executive Board, responsible for reviewing risk management policies and proposing risk management operating limits, submitting these for the approval of the Board of Directors at least once a year; b) the Board of Directors, which approves the risk policies and limits at least once a year; c) the Market Risk area, subordinated to the Risk Officer, is responsible for identifying, measuring, monitoring and reporting online to the Executive Board the Bank's market risk, ensuring compliance with the market risk management policy, as well as guaranteeing that the operational limits are observed; d) the Price department, which, among other duties, is responsible for defining the price models and sources used in mark-to-market adjustments of traded products, regardless the management departments; e) Internal Audit, which is responsible for ensuring the adequacy of procedures and the consistency between market risk management policies and the structure actually implemented.

The market risk is monitored through daily calculations of the Value at Risk (VaR), a statistical tool that measures the institution's maximum potential loss at a given confidence level over a given investment horizon. A VaR limit is established, which may be allocated by the Chief Treasury Officer among the various risk factors. The VaR calculation model is submitted to periodical back testing. Furthermore, scenarios are analyzed daily, and these scenarios are quarterly defined by the Risk Committee, independent of the management departments. A full description of the Bank's market risk management structure is available on Banco BOCOM BBM's website (www.bancobocombbm.com.br).

Market Risk means the risk arising from fluctuations in the values of assets and derivatives resulting from changes in market prices and rates, such as interest, stocks, currencies and commodities.

Market Risk control is based on the calculation of VaR - Value at Risk, a statistical tool that measures the maximum potential loss of BOCOM BBM for a given confidence level and investment horizon. BOCOM BBM's daily VaR limit calculated with 95% confidence is 2% of Equity. The model used to calculate the VaR limit is the parametric one. The variance-covariance matrix is reestimated daily using GARCH models. This model captures the presence of volatility groupings and, according to the daily estimated parameters, gives more weight to the most recent past. It should be noted that other VaR models are available, such as Monte Carlo Simulation and Historical Simulation. The effectiveness of the risk model is tested annually through back-testing, which consists in comparing the VaR estimates with the actual daily results.

*VaR = Maximum potential loss, given the confidence level and the investment horizon. In the case of BBM, the limit is set based on a 95% probability that the Bank will lose a maximum of 2% of equity in 1 day.

Reference Date	VaR (in R\$ Millions)
12/31/23	3.3
06/30/23	3.6
12/31/22	4.7
06/30/22	7.5

In addition to VaR, stress tests are performed based on the stress scenarios provided by B3. Based on the envelope scenarios for each risk factor, an optimistic and a pessimistic scenario are defined, considering a horizon of 3 business days. For the risk factors in which there is no shock defined by B3 scenarios, the shocks of related risk factors are used. Thus, based on the exposure of the Bank's portfolio to each of the risk factors, the consolidated financial loss of the stressed portfolio is calculated for each of the two scenarios. Finally, the scenario with the highest financial loss is used as a reference.

Reference Date	B3 Stress (in R\$ Millions)
12/31/23	-94.1
06/30/23	-101.5
12/31/22	-93.0

23. Risks Management (Continued)

Liquidity Risk

Banco BOCOM BBM's liquidity target is to ensure that at any given time the Bank has sufficient cash to meet all its liabilities and other commitments. It is the responsibility of the Liquidity Risk area to monitor whether there is a sufficient free cash position to guarantee the continuity of the bank's operations in a severe stress scenario, following the limits and guidelines defined by the Risk Committee and approved by the Board of Directors.

Liquidity risk is managed based on cash flow forecasts, considering different scenarios for funding, Loans and treasury operations. These cash flow analyses take into consideration: (a) the implicit risk of each client, (b) possible additional cash for compulsory deposits, (c) derivative adjustments; and (d) other existing obligations. The general principle is to ensure that the Bank's commitments are aligned to its equity and the current policies for fundraising, credit and treasury.

Banco BOCOM BBM has a liquidity risk management structure comprising the following agents, with their respective assignments: a) Liquidity Risk area, subordinated to the Risk Director, which is responsible for centralizing and measuring the information referring to liquidity risk management, ensuring that operational limits are observed and disclosing reports to support decision making on liquidity risk; b) Internal Audit, which is responsible for ensuring the adequacy of the procedures and the consistency between the liquidity risk management policies and the effectively implemented structure. A full description of the Bank's liquidity risk management structure is available on the website of Banco BOCOM BBM (www.bocombbm.com.br).

23. Risks Management (Continued)

Credit Risk

Banco BOCOM BBM has a credit risk management structure comprising the following elements and respective duties: a) the Credit Committee, which is responsible for defining the economic groups' credit limits, and monitoring and evaluating the consolidated portfolio position, its concentration and risk level. It is also responsible for establishing the terms for solving default on credit operations or with a certain level of deterioration of the guarantees and deciding whether or not to initiate judicial collection proceedings, as applicable; b) Board of Directors, responsible for approving the risk policies and limits, at least once a year; c) Credit Risk area, subordinated to the Risk Director, is responsible for centralizing and evaluating information related to the individual and consolidated credit risk management, per operation, ensuring that operating limits are complied with, disclosing reports that make it easy to make a decision related to credit limits approved by the Credit Committee. It is also the responsibility of the risk area to previously evaluate new operational genres related to credit risk; d) Credit Analysis area, responsible for assessing the credit risk of economic groups with which the Bank maintains or intends to maintain credit relationships; e) Internal Audit, which carries out periodic audits of the business units and of the credit processes of the Group; f) Legal Department, responsible for analyzing the contracts entered into by Banco BOCOM BBM and its clients, as well as coordinating measures to recover credits or to protect the Bank's rights; and g) Contracts Department, responsible for checking the adherence of operations to the parameters established in the Credit Limit Proposal ("PLC"), as well as providing the adequate guarantees. It is also responsible for issuing contracts to be entered into by Banco BOCOM BBM and the client. A full description of the credit risk management structure is available on the website of Banco BOCOM BBM (www.bocombbm.com.br).

Operational Risk

It is the risk associated with faulty or inadequate internal processes, human or systems failures, or external events. Operational risk is inherent to the Conglomerate's activities and can manifest in several ways.

To monitor and control these risks, and in line with the guidelines of the Regulatory Bodies and best market practices, the Financial Conglomerate BOCOM BBM ("BOCOM BBM") established the "Operational Risk Management Policy". This document constitutes a set of principles, procedures and responsibilities to be observed, in order to ensure the functioning and strengthening of our internal control systems.

The area is responsible for ensuring, together with the other components of the risk management structure, the compliance with the guidelines established by the mentioned Policy. The Internal Controls and Operating Risk area is a segregated independent organizational area of Internal Audit, under the responsibility of the Risk Office.

The complete description of the operating risk management structure is available for the public in the website of Banco BOCOM BBM (www.bocombbm.com.br).

Capital Management

Banco BOCOM BBM manages its capital through a structure comprising the following bodies: Board of Directors, Executive Board, Internal Control, Capital and Risk Board, Treasury Board, Fund Raising Board, Back Office, Business Units and Audit Board. The Board of Directors is the highest body within this structure, in charge of monitoring the capital adequacy. The Executive Board must review the documents to be submitted to the Board of Directors, as well as approving the methodologies to be used for the management and monitoring of the capital adequacy. Capital management and centralization is a responsibility of the Capital and Risk Board, which must continuously work to improve and oversee the institution's compliance with the capital management policy and its capital plan. The Treasury and Fundraising Boards are responsible for planning the issuance of equity instrument, if necessary. The capital management department periodically generates reports on the capital adequacy, which are sent to the Executive Board and the Board of Directors.

These reports comprise simulations of severe events and extreme market conditions. The Business Units must provide all information that the Internal Control, Capital and Risk Board deems necessary for effective capital management. The Audit department is responsible for evaluating, from time to time, the effectiveness of the capital management process. The description of the capital management structure is available on the website of Banco BOCOM BBM (www.bocombbm.com.br).

26. Provisions and Liabilities for Legal Obligation

The Bank is a party to lawsuits and administrative proceedings arising from the normal course of its operations, involving tax, labor and civil matters among others.

Breakdown of provision

a) Labor provisions

Based on information from its legal advisors and on an analysis of the pending legal and civil proceedings and labor suits, considering previous experience related to the claimed amounts and current stage of the processes, management recorded a provision in an amount considered sufficient to cover the estimated losses expected in connection with ongoing litigation, as follows:

	Bank	
	12/31/2023	12/31/2022
Labor	8,292	11,049
Total - Provisions for contingencies	8,292	11,049

These provisions are recorded as "Other liabilities - sundry" under Long-term liabilities. During the year ended December 31, 2023, R\$ 1,553 thousand were reverted into contingent liabilities in the Bank.

b) Tax and social security provisions

Bocom BBM is a party to other proceedings for which the internal and external legal advisors have judged the risk of loss to be possible. From all the tax proceedings classified as possible loss, there are 7 in which the main discussion refers to the offsetting process that is in the initial administrative stage and the aggregate value is not relevant.

In November 2019, Banco BOCOM BBM SA received assessments from the Federal Revenue of Brazil with the purpose of: (i) social security contributions allegedly due on PLR (Profit Sharing or Results) in the amount of R\$ 6.8 million and (ii) social security contributions allegedly due on food in the amount of R\$ 1.4 million, both correspond to payments made in 2015. The Bank discusses the assessments at the administrative level. In the opinion of the legal advisors, the chance of loss in the first proceeding is possible, while it is remote in the second one.

Considering that, at the moment, the suits are classified as possible risk of loss, they were not recorded as liability.

At the end of 2023, the BOCOM BBM S.A. did not have an active proceeding related to the judgment of Issue No. 372 of the Federal Supreme Court (payment of PIS and COFINS on the financial income of financial institutions).

c) Civil provisions

Bocom BBM is a party to other lawsuits for which the internal and external legal advisors have assessed the risk of loss to be possible. From all the civil suits classified as possible loss, there are 9 proceedings in the amount of R\$ 4,091 thousand in which main discussion is related to: request for a review of contractual terms and conditions, requests for monetary adjustments (including alleged effects of the implementation of various government economic plans), bankruptcy, protests, accountability, having counterparties originating from credit operations or products already discontinued, and provision services. For the purposes of provisioning for civil lawsuits, the legal advisors considered the law, jurisprudence, background of cases and the procedural stage.

Considering that, at the moment, the suits are classified as possible risk of loss, they were not recorded as liability.

26. Provisions and Liabilities for Legal Obligation (Continued)

d) Liabilities for legal obligations

Based on the preliminary injunction obtained, Banco BOCOM BBM ensured the suspension of the requirement for PIS/Pasep and COFINS tax credits that are determined, with the levy of Service Tax (ISS) in their calculation bases, as well as their respective bookkeeping for timely and future offset, if applicable, with the respective ISS deductibility from the calculation bases of the mentioned contributions. Based on that preliminary injunction, Banco BOCOM BBM started to collect, in November 2018, PIS/Pasep and COFINS disregarding the municipal tax in their respective calculation bases, having constituted a liability for the remaining balance up to December 2023, recorded as "Other Sundry Liabilities" in Long-Term Liabilities, as follows:

	Bank	
	12/31/2023	12/31/2022
PIS and COFINS	1,257	948
Total - Liabilities for legal obligations	1,257	948

e) Others

On December 5, 2016, the Brazilian Administrative Council for Economic Defense (CADE) filed an administrative proceeding against Banco BOCOM BBM S.A. investigating alleged anticompetitive practices in relation to the onshore foreign exchange market between 2008 and 2012. The Bank, together with its legal advisors, has already presented its administrative defense, still pending judgment.

27. Allowance for Financial Guarantees

The allowance for doubtful accounts related to financial guarantees is based on the analysis of operations according to the type of obligation provided, past experience, future expectations and management's risk assessment policy. They are reviewed periodically, as established by CMN Resolution No. 4,512/2016.

28. Other information

(a) Agreement for the compensation and settlement of obligations

Banco BOCOM BBM has a, agreement for the compensation and settlement of obligations within the scope of the National Financial System, according to CMN Resolution No. 3,263/05, resulting in more guarantee to settle its debts with financial institutions with which it has this kind of agreement. On December 31, 2023, the total assets mitigated by compensatory arrangement was of R\$ 771,607 thousand (December 31, 2022 - R\$ 1,419,510 thousand).

(b) Marketable securities portfolio

In the year ended December 31, 2023, based on Resolution 3,181 of the Central Bank of Brazil, the Bank's Executive Committee unanimously approved to continue the process of stretching the portfolio of nominal securities held to maturity selling R\$ 579,720 thousand in government bonds maturing in 2025 and buying R\$ 584,181 thousand maturing in 2026, which generated a negative effect on the result of (R\$23,286) thousand. There was also an stretching of Eurobonds portfolio held until maturity, selling R\$ 431,849 thousand maturing in 2026 and buying R\$ 442,624 thousand maturing in 2031, which generated a positive effect on the result of R\$12,326 thousand.

At the end of the year, Banco BOCOM BBM had R\$ 3,075,142 thousand in marketable securities classified as "held to maturity", according to Circular Letter No. 3,068/01 of Central Bank of Brazil. Banco BOCOM BBM has financial capacity and intention to hold them to maturity.

(c) Corporate change

In 2021, Banco BOCOM BBM announced the beginning of the process to transfer 20% of the shares it issues to Bank of Communications, which current holds the other 80%. Due to this change, the former individual shareholders will not be part of the share capital of Banco BOCOM BBM anymore, carrying on the shareholders agreement entered into by the former shareholders and the Bank of Communications in 2016 (when the initial 80% were acquired). The conclusion of the operation is subject to the approval of the regulatory authorities of Brazil, Bahamas and China, which will probably conclude it in 2024.

CONSENTIMENTO PARA RECEBIMENTO ELETRÔNICO DE REGISTROS ELETRÔNICOS E DIVULGAÇÕES DE ASSINATURA

Registro Eletrônicos e Divulgação de Assinatura

Periodicamente, a PwC poderá estar legalmente obrigada a fornecer a você determinados avisos ou divulgações por escrito. Estão descritos abaixo os termos e condições para fornecer-lhe tais avisos e divulgações eletronicamente através do sistema de assinatura eletrônica da DocuSign, Inc. (DocuSign). Por favor, leia cuidadosa e minuciosamente as informações abaixo, e se você puder acessar essas informações eletronicamente de forma satisfatória e concordar com estes termos e condições, por favor, confirme seu aceite clicando sobre o botão “Eu concordo” na parte inferior deste documento.

Obtenção de cópias impressas

A qualquer momento, você poderá solicitar de nós uma cópia impressa de qualquer registro fornecido ou disponibilizado eletronicamente por nós a você. Você poderá baixar e imprimir os documentos que lhe enviamos por meio do sistema DocuSign durante e imediatamente após a sessão de assinatura, e se você optar por criar uma conta de usuário DocuSign, você poderá acessá-los por um período de tempo limitado (geralmente 30 dias) após a data do primeiro envio a você. Após esse período, se desejar que enviemos cópias impressas de quaisquer desses documentos do nosso escritório para você, cobraremos de você uma taxa de R\$ 0.00 por página. Você pode solicitar a entrega de tais cópias impressas por nós seguindo o procedimento descrito abaixo.

Revogação de seu consentimento

Se você decidir receber de nós avisos e divulgações eletronicamente, você poderá, a qualquer momento, mudar de ideia e nos informar, posteriormente, que você deseja receber avisos e divulgações apenas em formato impresso. A forma pela qual você deve nos informar da sua decisão de receber futuros avisos e divulgações em formato impresso e revogar seu consentimento para receber avisos e divulgações está descrita abaixo.

Consequências da revogação de consentimento

Se você optar por receber os avisos e divulgações requeridos apenas em formato impresso, isto retardará a velocidade na qual conseguimos completar certos passos em transações que te envolvam e a entrega de serviços a você, pois precisaremos, primeiro, enviar os avisos e divulgações requeridos em formato impresso, e então esperar até recebermos de volta a confirmação de que você recebeu tais avisos e divulgações impressos. Para indicar a nós que você mudou de ideia, você deverá revogar o seu consentimento através do preenchimento do formulário “Revogação de Consentimento” da DocuSign na página de assinatura de um envelope DocuSign, ao invés de assiná-lo. Isto indicará que você revogou seu consentimento para receber avisos e divulgações eletronicamente e você não poderá mais usar o sistema DocuSign para receber de nós, eletronicamente, as notificações e consentimentos necessários ou para assinar eletronicamente documentos enviados por nós.

Todos os avisos e divulgações serão enviados a você eletronicamente

A menos que você nos informe o contrário, de acordo com os procedimentos aqui descritos, forneceremos eletronicamente a você, através da sua conta de usuário da DocuSign, todos os avisos, divulgações, autorizações, confirmações e outros documentos necessários que devam ser fornecidos ou disponibilizados a você durante o nosso relacionamento. Para mitigar o risco de você inadvertidamente deixar de receber qualquer aviso ou divulgação, nós preferimos fornecer todos os avisos e divulgações pelo mesmo método e para o mesmo endereço que você nos forneceu. Assim, você poderá receber todas as divulgações e avisos eletronicamente ou em formato impresso, através do correio. Se você não concorda com este processo, informe-nos conforme descrito abaixo. Por favor, veja também o parágrafo imediatamente acima, que descreve as consequências da sua escolha de não receber de nós os avisos e divulgações eletronicamente.

Como contatar a PwC:

Você pode nos contatar para informar sobre suas mudanças de como podemos contatá-lo eletronicamente, solicitar cópias impressas de determinadas informações e revogar seu consentimento prévio para receber avisos e divulgações em formato eletrônico, conforme abaixo:

To contact us by email send messages to: fiche.alessandra@pwc.com

Para nos contatar por e-mail, envie mensagens para: fiche.alessandra@pwc.com

Para informar seu novo endereço de e-mail a PwC:

Para nos informar sobre uma mudança em seu endereço de e-mail, para o qual nós devemos enviar eletronicamente avisos e divulgações, você deverá nos enviar uma mensagem por e-mail para o endereço fiche.alessandra@pwc.com e informar, no corpo da mensagem: seu endereço de e-mail anterior, seu novo endereço de e-mail. Nós não solicitamos quaisquer outras informações para mudar seu endereço de e-mail. We do not require any other information from you to change your email address.

Adicionalmente, você deverá notificar a DocuSign, Inc para providenciar que o seu novo endereço de e-mail seja refletido em sua conta DocuSign, seguindo o processo para mudança de e-mail no sistema DocuSign.

Para solicitar cópias impressas a PwC:

Para solicitar a entrega de cópias impressas de avisos e divulgações previamente fornecidos por nós eletronicamente, você deverá enviar uma mensagem de e-mail para fiche.alessandra@pwc.com e informar, no corpo da mensagem: seu endereço de e-mail, nome completo, endereço postal no Brasil e número de telefone. Nós cobraremos de você o valor referente às cópias neste momento, se for o caso.

Para revogar o seu consentimento perante a PwC:

Para nos informar que não deseja mais receber futuros avisos e divulgações em formato eletrônico, você poderá:

(i) recusar-se a assinar um documento da sua sessão DocuSign, e na página seguinte, assinalar o item indicando a sua intenção de revogar seu consentimento; ou

(ii) enviar uma mensagem de e-mail para fiche.alessandra@pwc.com e informar, no corpo da mensagem, seu endereço de e-mail, nome completo, endereço postal no Brasil e número de telefone. Nós não precisamos de quaisquer outras informações de você para revogar seu consentimento. Como consequência da revogação de seu consentimento para documentos online, as transações levarão um tempo maior para serem processadas. We do not need any other information from you to withdraw consent. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process.

Hardware e software necessários:**

(i) Sistemas Operacionais: Windows® 2000, Windows® XP, Windows Vista®; Mac OS®

(ii) Navegadores: Versões finais do Internet Explorer® 6.0 ou superior (Windows apenas); Mozilla Firefox 2.0 ou superior (Windows e Mac); Safari™ 3.0 ou superior (Mac apenas)

(iii) Leitores de PDF: Acrobat® ou software similar pode ser exigido para visualizar e imprimir arquivos em PDF.

(iv) Resolução de Tela: Mínimo 800 x 600

(v) Ajustes de Segurança habilitados: Permitir cookies por sessão

** Estes requisitos mínimos estão sujeitos a alterações. No caso de alteração, será solicitado que você aceite novamente a divulgação. Versões experimentais (por ex.: beta) de sistemas operacionais e navegadores não são suportadas.

Confirmação de seu acesso e consentimento para recebimento de materiais eletronicamente:

Para confirmar que você pode acessar essa informação eletronicamente, a qual será similar a outros avisos e divulgações eletrônicos que enviaremos futuramente a você, por favor, verifique se foi possível ler esta divulgação eletrônica e que também foi possível imprimir ou salvar eletronicamente esta página para futura referência e acesso; ou que foi possível enviar a presente divulgação e consentimento, via e-mail, para um endereço através do qual seja possível que você o imprima ou salve para futura referência e acesso. Além disso, caso concorde em receber avisos e divulgações exclusivamente em formato eletrônico nos termos e condições descritos acima, por favor, informe-nos clicando sobre o botão “Eu concordo” abaixo.

Ao selecionar o campo “Eu concordo”, eu confirmo que:

(i) Eu posso acessar e ler este documento eletrônico, denominado CONSENTIMENTO PARA RECEBIMENTO ELETRÔNICO DE REGISTRO ELETRÔNICO E DIVULGAÇÃO DE ASSINATURA; e

(ii) Eu posso imprimir ou salvar ou enviar por e-mail esta divulgação para onde posso imprimi-la para futura referência e acesso; e (iii) Até ou a menos que eu notifique a PwC conforme descrito acima, eu consinto em receber exclusivamente em formato eletrônico, todos os avisos, divulgações, autorizações, aceites e outros documentos que devam ser fornecidos ou disponibilizados para mim por PwC durante o curso do meu relacionamento com você.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, PwC (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format,

and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact PwC:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: fiche.alessandra@pwc.com

To advise PwC of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at fiche.alessandra@pwc.com and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from PwC

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to fiche.alessandra@pwc.com and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with PwC

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to fiche.alessandra@pwc.com and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify PwC as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by PwC during the course of your relationship with PwC.
